SNOW MONSTER

REMEMBER: • When you elaborate, you STOP THE ACTION and observe.
    • Use the five senses to describe!
    • Your elaborative segment should make the reader feel as though he or she is *right there* with the main character.
    • Use specific rather than general details.
    • Remember that sentence variety is important!

Write an ELABORATIVE SEGMENT of the **character** below. Tell SPECIFICALLY what it looked like (color, features, size), what sounds it made, how it behaved. Do NOT write a grocery list. Use interesting words and make it entertaining!

The **Snow Monster** appeared on the icy path!
