October 7, 2019

Dear Parents:

Engaging students in math, science, and technology is one of the most important factors in creating tomorrow's workforce. Old Bridge Township Public Schools is in the process of creating a designated Makerspace at Madison Park to expand on STEAM based learning experiences. The Makerspace movement is about teaching and learning that is focused on student centered inquiry. Through hands-on activities, mentoring, presentations, and behind-the-scenes field trips, students discover the world of design and engineering. Through the Makerspace, students will be challenged to identify a problem or opportunity and design a solution.

We would like to request your assistance in providing this opportunity to our students. We are seeking donations of the following items:

|               |               |                 |
|---------------|---------------|-----------------|
| Legos         | Paper plates  | Pipe cleaners   |
| Zip lock Bags | Masking Tape  | Aluminum Pans   |
| Shoe boxes    | Zip ties      | Cardboard tubes |
| Rubber Bands  | String / yarn | Popsicle sticks |
| Glue          | Aluminum foil | Milk cartons    |
| Salt          | Vinegar       | Vegetable Oil   |
| Egg cartons   | Cardboard     | Poster board    |

Thank you for your consideration,

John P. Daly  
Principal
